# TEAM PROFILE

Hello, I'm a facilitator for the Reimagining Media Program Cohort of November for Via News Didi. I love all things blue, like blue skies reflected on the sea, and me in a blue saree by the sea. I deeply care about writing stories and listening to stories on mental wellness, beyond just illness and the need to educate our hearts just as much we educate our minds.

Namaste! I'm an Intern at Via News Didi's Re-imagining media program. I'm that average teenage girl who loves travelling, theatre, music and journalism. I enjoy learning philosophy and psychology. :)

Hey there! I'm Nandini Jaithalia—chocolate enthusiast, music lover, and a die-hard fan of Novak Djokovic. I love to swim and sing, and I'm proudly rocking the ambivert life. I love uncovering stories that really matter, stories that resonate with people. So, here's to the chill vibes, good tales, and making cool connections. Sayonara!

CO-CURRICULAR ACTIVITIES FOSTER HOLISTIC DEVELOPMENT, WHICH IS WHY THEY ARE SO ESSENTIAL IN EDUCATIONAL INSTITUTIONS. THEY IMPROVE STUDENTS' PRACTICAL, SOCIAL, AND EMOTIONAL INTELLIGENCE WHILE PROMOTING LEADERSHIP, TEAMWORK, AND TIME MANAGEMENT. THESE EXTRACURRICULAR ACTIVITIES ALSO GIVE STUDENTS A CHANCE TO FIND AND DEVELOP THEIR TALENTS OUTSIDE OF THE CLASSROOM, WHICH ENHANCES THEIR EDUCATION OVERALL.
